

# PCIe x8 Golden Finger to PCIe x8 slot Riser Card

- ※ PCIe Single-width, passive riser/slot saver installs in standard PCIe slot and supports x1, x4, x8 signals add-in card.

## Features

- ※ PCIe x8 card edge / PCIe x8 slot
- ※ PCIe Gen 3 / 8 lanes signals of PCI-e designated
- ※ 4 Layer PCB designed
- ※ 12V Hop plug power IC eFuse protection, current limit: 5A
- ※ 3.3V Hop plug power IC eFuse protection, current limit: 5A
- ※ 3.3Vaux Hop plug power IC eFuse protection, current limit: 0.83A
- ※ D1 Green led on indicates 12V Power ready
- ※ D2 Green led on indicates 3.3V Power ready
- ※ D3 Green led on indicates 3.3Vaux Power ready
